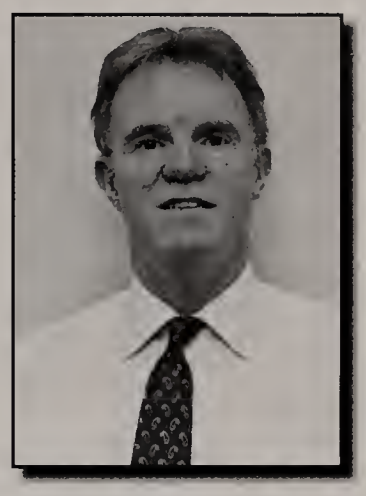
A MESSAGE FROM THE

SUPERINTENDENT-DIRECTOR



TO THE CLASS OF 2012

As I mentioned in my graduation speech, you made the courageous decision to come to Tri-County Regional Vocational Technical High School four years ago. In your freshmen year you had to establish new friendships, find your way around a spacious new building, and for many of you your ride to school in the morning was much longer. You were introduced to a schedule that included all of your academic subjects one week, and the following week you were in the vocational shop. Because you spent only half the year in academics, you endured double periods of English Language Arts and Mathematics. In order to be successful, you learned quickly that you needed to budget your time to complete all of the assigned homework. During your shop week, you explored a new vocational program each week for the first nine weeks. This certainly required the ability to adapt quickly. You were faced with a new teacher and new material in every exploratory experience.

In your sophomore year there was MCAS testing in English Language Arts, Mathematics and Biology. At Tri-County we take pride in our students passing the MCAS tests despite only spending half of their time in academics. You did not let us down. Every senior passed the MCAS tests.

Junior year you began your Senior Project Paper and in your senior year presented your project to a panel of judges. I am sure this was the most difficult task you faced during your secondary school years.

In between many of you took the PSAT's, SAT's, obtained various vocational certifications, and participated in many other extracurricular activities.

With the help of your teachers, families and friends you met all the challenges. It is now time to move on and conquer new obstacles. Tri-County has prepared you well and I am sure you will all find success in whatever path you choose. Congratulations and good luck.

Sincerely,

Mr. Stephen F. Dockray

A MESSAGE FROM THE

PRINCIPAL

TO THE CLASS OF 2012:

In the winter of 2008, I met many of you as Grade 8 students who shared a common goal: becoming Tri-County students. You came together at freshman orientation to begin the journey that ended with your graduation on June 3. You are leaving Tri-County with more than a high school diploma—you are leaving with the knowledge, skills, and experience you need to find your place in the world.

Congratulations,
Jean Mallon

A MESSAGE FROM YOUR

CLASS OFFICERS

DEAR CLASS OF 2012,

As we look back upon these past four years, I hope we can all remember the great times and friendships we have forged. We have also learned the skills needed for future success: time management through late weekend nights, interpersonal skills through disagreeable classmates, and extemporaneous speaking through excuses for missing homework. We wish you all luck in your future in whatever you wish to pursue. Whether you intend on enlisting in the military, enrolling in higher education, or working in your chosen vocation, remember the actual lessons learned here at Tri-County: hard work, dedication, and perseverance.

When you chose to come to Tri-County, you made a decision different than most of your peers. As your life continues, remain that same individual. As Benjamin Franklin once said, "If everyone is thinking alike, then no one is thinking."

Congratulations!
Sincerely,

Corey Waple, *President*
Christopher "CJ" Parker, *Vice President*
Charles Crombie, *Treasurer*

I don't really have any good memories here, but I'll just write something funny and witty right here.

Emily Bishop
Volleyball nickname: Falcon, Bishy
Coming to this school I was worried that I was not going to like being with so many new people. I was happy to find that it was so easy to make good friends. The first day of Freshman year I got lost with Jessica Neves and from that day on with volleyball, my classes and shop I have been lucky enough to gain many close friends. It's because of people like Mark Walsh, Sean Joyce, Molly Marcotte, and Olivia Vieira that I loved Tri-County so much.

Alex Blacker
Fluffy, Blauker, Blackness, Tubby, Fatty
In shop we got a big order of salmon and all of the fish heads freaked out Carolyn Palmieri, so we took a fish head and bagged it and put it in her locker, then we all waited by the door to hear her scream haha! I was going to donate a scooter to the kids we help at xmas time, they told me to bring it to the office so I decided to ride it there and on the way back I rode by Mr. Wood, he just looked at me with a really confused face. Getting 1st place at skills USA and having all the kids from Tri-County cheer me on was an amazing feeling. I walked out of shop without permission to go say hi to my girlfriend, I saw Mr. Beaton and got scored because I was in a chef coat and clearly stuckout, but then he just walked by and said hey Alex how ya doing haha.

Alyssa Bodak

In the middle of freshman year I was always quite, but I began to open up more with my friends. In my Junior year I attended my first prom, even though I didn't have a date. I still had fun with my friends and discovered my inner princess. My senior year was making my senior product because it was a great challenge for me to try airbrushing and clay modeling, which I have never done before. Outside of school was bowling. Bowling was my favorite sport which I've done from 1999-2011. I've always dreamed about getting a perfect 300 game, but unfortunately my dream was never realized, but I have a lot of fun doing it with friends, family and that is all that matters to me.

2011 Prom was a magical night being with all my friends. First day of freshman year not knowing anyone but found the best friends a girl could ever ask for.

My favorite memory has to be high school in general. Winning class cup 3 years in a row, prom, and mile long lunch lines was the best. Being in a shop full of guys who are now brothers to me, competing in SkillsUSA state championship was what I lived for. Meeting people I love, my friends, and my teachers I will miss them all. Tri-County was the best choice I ever made!

You have to take the risks you do because this is the time you can make your mistakes, but nothing I did was a mistake and I had fun working my way to the top so good luck for anyone else who wants to try and better their future as I did.

Freshman year exploratory in medical with Danielle Pellegrine. Sophomore year- competing in skills USA with Alex Blacker. Junior year- putting fish in Carolyn Palmieri culinary locker. Senior year- spirit week, co-op, varisty basketball game, hanging with friends, prom

Emily Charette
My favorite memories from the 4 years of attending Tri-County are meeting the amazing people who have become my best friends and all the help deciding what I want to do with my life. I enjoyed being in the winning class for spirit week 3 years in a row. There is not much I did not enjoy about my 4 years of being here.

From sophomore year: cheerleading; track; met my best friend Lexy; prom; bonfire. From Junior year: cosmetology; got Mrs. Jones for math; parties; prom; being with my friends. From senior year: real friends; 3rd year of all classes with Lexy Felix; cosmo; Mrs. Jones again for math; 3peat pep rally winners; clubbing

All the good times in HVAC. Bird bathing a freshman. Playing raquett ball off the garage door. All the funny shop stuff. Lealf being so annoying but so funny also.

When I saw a great wrestling match on the back of the bus coming home from Boston, and we'll never know who won. Having a champion status of 205 with the wolfpack. Sticking up for my shop family, no matter how much we fight, we're stuck with each other. Having an intense love-hate relationship with Tri-County every day; just to be cheered up by friends when I walk through the door.

Marissa Darling
Rissa
Over the last four years I have made a lot of memories at Tri-County. I made a lot of new friends like Sarah Dwyer who is now my best friend. I also participated in shop field trips which made most memories. Our annual field trip to Fanueil Hall and the childrens museum was the best. I spent prom 2011 with Julianne Talamini. I also got my first job at a day care with the help from my shop teachers. The best memory of all was our class of 2012 made Tri-County dynasty for winning the cougar cup three years in a row!

Bobby Dean
Mr. Hitchborn's midterm, attempting to hide my phone in math class. Olivia and Sean's "relationship" Hand sanitizer station. Being allowed to leave class. Delusional in micro. The only thing I have gained or appreciated from being at Tri-County is meeting some of my life long friends Jimmy Carlson, and Alec Pacheco, but most importantly my high school sweet heart and love of my life Matthew Christopher 10-2-10. The two teachers I'll never forget are Mr. Hitchborn and Mr. Keaney.

Some of my best friends are Haley S, Jaclyn, Sam R, Erin R, Sam M and my northies who I came here knowing Corrie and Alyssa. I've also gotten lucky enough to find my sweetheart Ben Bauman. Many memories have been made and I wouldn't change any of them.

I've had fun while being at Tri-County. I am a hard worker and I'm determined to succeed in life. I love Tri- County sports and I have done football, cheerleading, cross country, and track and field. prom was great and so is my experience with working for the Tri- County maintence crew. Logan McCarthy
Logan, Little McCarthy
I remember the early days of freshman year egg toss and how a friend and I failed on the first shot, cracking out of my shell sophomore year, I earned unbreakable friendships that saved me from an introverted shadow of life. Junior year from an imaginary friendship betrayal which lasted three months to a life changing experience at the SkillsUSA state competition what little depression lingering from middle school was slain. Come senior year, I have constructed my book, my crowning achievement alongside the friends I have made, and I wouldn't change it for the world. It was unforgettable.

Samantha McGillis
McGillacuddy, the obnoxious and annoying girl. Sloptart #2
Laughing in every class. Being obnoxious with paramore girl. Ballen up with some lady cougars. Always play hide and seek in dental. Hockey games with Haley and Corinne. Thinking I was awesome for wearing bright blue pants. KEROAR, retro neon love, spigs being the coolest kid ever, YONKERS, corn lady, Leah Corning gets married, watching pencils stick to ceiling, Sam Greengus is cool, vote Mark Walker, successfully hating everyone.

Jourdan McKenna
High school for me was growing up and facing reality. I learned who I was and where I belong. My best and worst memories lie within my high school years. I was part of the dance team, drama club, and cheerleading team during my freshman and sophomore years. During my junior year, I worked at the homework center and joined the math and robotics teams. All these things were fun, but in all honesty, I'm glad high school is over.

Amanda Newman
I made a lot of friends had fun cheerleading, found out that dental is what I want to pursue.

Dariel Nunez
Darrel, Darnel, Dnunze
The greatest memories I had was sharing stories with Mr. Mansfield, going to science museum with Mr. MacMullen. I also have had a ton of fun on the bus rides to the away basketball games, going out to breakfast with 7 kids from shop.

Electrical science museum and rumble fumble. New Years 2012, star gazing and manhunt, conversations with Mr. Mansfield.

Lyndsay Ouellette

Many good memories in medical like Chace closing the medical door very lightly and the window shattering. Another high school memory was going to New Hampshire with my BF. Something else would be the school pep rallys and class colors day because we were a dynasty. I'll also remember my friends who have come and gone and my friends who have always been there for me. One of my biggest memories was going to the beach in 2011 with some good friends. Most memories were made with friends and medical, and also Olivia Guiney's funny comments

One of my favorite memories of high school is just hanging out with my friends on shop week at lunch. There was so much laughing coming from our table that Mr. V names us "The Table of Fun" because he thought we were having too much fun. Every shop week Monday, all of us, even Mr. V, would wear the same color, and every week it would be a different color. I also like being in Graphics and play the card game, "Hawaii" at break with my friends. I am really going to miss this place when I leave.

Too many to write, not enough words, there's when I met my best friend and my shop. There's drama club, Spanish club, S.A.D.D, and environmental. There is when I was inducted into NHS, and given metals for SkillsUSA. I went to Yellowstone National Park and a Native American Reservation in the summer. I met my church and worked at a soup kitchen. There was prom which I had a wonderful time at. I have even got a dog, but I would have to say one of my best memories was when we won class spirit week three years in a row, the first class ever to do that. We became legends. I'll remember Tri-County forever.

I would like to take this one last chance to apologize to my teachers that I deliberately misbehaved for, once again I'm sorry, wait actually you know what I really am not sorry for any of it and it made my time that much better. In the words of Leo Remillard "Trust me I understand". Oh again not sorry!
